Cindy wants it for her meeting w/ Lek, So, the short answer is - I need it by noon today. It doesn't have to be accurate to the dollar, plus or minus 10% is OK. Please contact me if you have questions.

Subject: Cost estimates

Randy,

I received your voicemail looking for estimates of funds used for the Pavillion project. I am out of the office this week (in DC), but I have left notes/messages for others to pull that information together for you. When do you need the info?
